

Klove has been a positive beneficial station in Sioux Falls since it first began broadcasting here. I am a member of a Musical Praise Team at church and have used the music from K-Love as a means to draw more people towards Christ. People hear the music at church and find themselves drawn to it on the radio and vice-versa. There are so many positive things for people to hear on this station. With all of the violence and vulgarity being pushed on to people, it is nice to know that there are good wholesome stations like K-love out there to find peace. I really think that you should not consider displacing K-Love with an LPFM broadcaster providing other programming. I have heard so many people talk about K-Love and how it provides them with an alternative to other music stations. I truly believe that by not allowing K-Love to broadcast more people will not find their way to Christ. There are so many people who are searching for some meaning in their lives and K-Love helps them discover what it is that they are missing. Please reconsider expanding the LPFM service to take priority over stations like K-Love. Thank you.
